

MASS INSTITUTIONAL VISIT MONTH

29 October- 2 November M1, Modern National Laundry Building, Khalifa Street

Intelligent Partners announces the first "Mass Institutional Visit Month" this October in the UAE (Abu Dhabi, Dubai) and Qatar. Representatives from leading US and UK institutions will be visiting the Intelligent Partner's offices in both these countries to talk about higher education opportunities offered by their respective institutions. Five institutions will be individually represented and will have professional counselors offer personalized advice and follow-up to students. The series of visits will provide an opportunity for students to obtain information about studying abroad, the programs offered and the work prospects. Students will have a one on one conversation with institutional representatives who will help them choose a program that meets their personal, career and life goals.

"It has always been our endeavor to bring in universities for students in the UAE to help establish a direct rapport for maximum benefit. We have brought these universities in and will continue to bring in more in the future. Our offices and counselors will be there to advise and support the students," said Sanjeev Verma the Director.
