Mission:

The mission of Intelligent Partners is to provide quality and multifaceted consultancy in education and training.

Company Overview:

Intelligent Partners is an innovative organization dedicated to raising the quality of education, intellect and human capital. Our comprehensive approach allows the client access to multiple specialists in areas leading to students' success in educational opportunities at leading universities and colleges overseas.

Key Offerings:

Student Services

Counsellors advice students on educational opportunities at universities and colleges in UK, USA and rest of the world and assist them with admissions and career choices.

Teacher Recruitment

Intelligent has successfully harnessed its expertise in the education sector to specialize in recruitment of school teachers and administrators.

Consultancy Services

This division provides consultancy to the most discerning of clients for identifying and marketing short term training programs.
